

The Cocoa Lounge
Danielle Rollins (danielledrollins.com) had a few disco-era icons in mind when bringing her salon to life: design legend Angelo Donghia, revolutionary fashion designer Halston, Grammy-winning songstress Donna Summer, and visionary style maker Yves Saint Laurent, particularly his cult classic perfume Opium. One step in and you were transported.

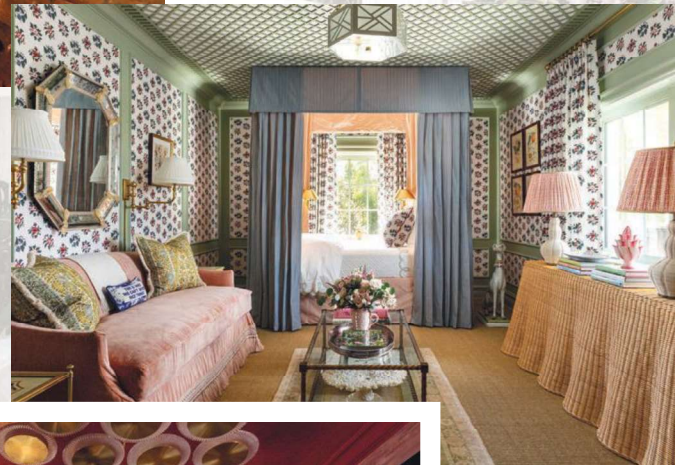

White Lotus
Studio Thomas James (studiothomasjames.com) summoned the spirit of Sicily when giving the entry, gallery and foyer an artistic dose of whimsy that speaks to the television sensation "The White Lotus." Stark's hand-loomed runner with sawtooth edges ground the Cocodrilo rug by Charlap Hyman and Herrero for Schumacher, modernizing the traditional mosaic flooring seen in an Italian palazzo. Luigi Saccardo's sculptural Memphis Milano-style bench joins a floating lacquer commode by Mous Studio and a Murano glass chandelier from Baker Furniture.

Primary Vision in Blue
Gracie's Waves wallpaper washes over the primary suite's morning bar vestibule by Katherine Shenaman Interiors (shenaman.com). A Currey & Company light fixture lends an organic shell-like element and walnut cabinetry contrasts creamy countertops from Primestones. Whimsical L'Objet drinkware stands ready to pour morning tea.

Primrose Park
Amy Studebaker Design (amystudebakerdesign.com) reminded everyone to stop and smell the roses, as the team enveloped the guest bedroom in trellis work and Soane Britain's Lisieux Rose wallpaper, an ode to a late 18th-century French cotton screen print.

Welcome Bar
Ruben Gutierrez and Katie Gutierrez, the husband-and-wife team behind Errez Design (errezdesign.com), drenched the guest staircase and upstairs bar in glamor from the gilded age. An homage to Henry Flagler's revolutionary efforts that put South Florida on the luxury travel map, the space brings his pioneering spirit alive through artisanal furnishings, Ann Sacks' gold leaf glass tiles, berry-hued wallpaper from Twill & Texture, and saturated underwater photography.
